

SATELLITE CAR INVERTER

Transform Car Lighter Socket into AC Power Output

Transforming a vehicle's or any DC lighter Socket into 220 Vac outlet and 5 Vdc USB charger port

220 Vac Outlet

5 Vdc USB Charger

Satellite Car Inverter is used for the office equipments and portable electronic products. Such as the laptop computers, video games, and all rechargeable battery products. Transforming a vehicle's or any DC lighter socket into a standard 220 Voltage AC outlet and USB charger port. Now you can keep laptop computers, PDAs, DVD player, MP3 player and AC appliances powered and operational wherever you go.

- Convert 12 Volt car or marine battery power into standard 220 Vac power
- Provide USB 5 Vdc charger
- LED power indicator
- Built-in surge power protection
- Overload protection
- Automatic over voltage shutdown
- Automatic over temperature shutdown
- Automatic low battery shutdown
- All-in-one housing with adapter and AC outlet in single easy to install package
- All-in-one compact and lightweight design eliminates cords and makes carrying and storage a snap!
- Auto shut off to prevent damage or battery drain.

Mobile phone

DVD player

MP3 player

Game Console

PDA

Notebook

MODEL

SATELLITE 01

INPUT	Voltage Range	10.5 - 15.5 Vdc
OUTPUT	AC Output Voltage	220 Vac \pm 20 V
	AC Output Frequency	50 Hz \pm 4 Hz
	AC Output Waveform	modified sine wave
POWER	Continuos Power	150 W
	Maximum Power	175 W for 5 minutes
	Peak Power Rating	350 W (Max.)
USB PORT	Charger	5 V \pm 5% / 500mA
PROTECTION	Low Battery Voltage Protection	10.5 Vdc and automatic reset
	Over Temperature Protection	automatic reset
	Overload Protection	automatic reset
PHYSICAL	Dimension (W x H x D)	71.81 x 50.04 x 140.2 mm.
	Weight	190 g
WARRANTY	After purchase date	1 year

Continuous product development is our commitment. In that manner, the above specifications may be changed without prior notice.
